**Ice Cream Social** has become a bit of a tradition for TPOC. Here we selected one of the hottest days of the year to savor the coolness of some dairy products. Only one Pantera made the trip proving that these cats not only shun the wet but the sun as well. There were tons of kids about this day each having a smile in sweet anticipation. Can you find them?

**Long's Garage Tour** stands out as the best in recent years. Heitman's garage housed so many of the cars that I would love to own. Cars featured there are ones from a variety of eras dating back to the 30s. I can safely say that I am envious. Don's collection goes far beyond the cars. He arranges his assembled pieces in scenarios along with products, signs, tools and settings to accompany the cars themselves. The entire warehouse is replete with tools and equipment of every order, many of which I have no idea as to their use. Unique is the best word to describe it. Two adjacent buildings give the collection enough room to move about and in fact he often hosts private parties there. Another building functions as his huge workshop. He did ask us to avoid posting pictures and his location on the web, and so, I suggest you simply review Scott's collage as a souvenir for those who made time to join us. My apologies go to those who were unable to attend. Perhaps others will share their photos with you.

**TPOC Badges** was the topic in a recent encounter with an associate member. She was not told that both members and their associates are entitled to a free badge. We do acknowledge that there will always be those who feel, "we don't need no stinkin' badges." Simply ask a Board member for one if you want one.

**General Meeting** see [ocpanteras.com](http://ocpanteras.com) web site for location. 17th St Bar and Grill is to be our general meeting place. It is at the site of the old Zitons at 17320 E 17th in Tustin, located near the 55, 5 and 22 fwys. We normally order our food at 7PM and begin the meeting promptly at 7:30PM on the third Wednesday of each month except December. Scott is likely to have a video treat for us all.
